Every week that a man prints an advertisement he puts his business into hundreds of households, and secures attention that he could not secure in any other way.

A NORTH CAROLINA editor declares that "the man who reads a newspaper three or four years without paying for it would procure a goat on the grace of his grandmother."

WILLIE ATKINSON, son of David Atkins, of West Athens, died of diphtheria, on Saturday morning last. Mrs. ATKINSON is a daughter of James Frazer of this neighborhood.

We will send the CHRONICLE one year to anyone who will send us five new subscribers and ten dollars. Who will be the first to secure the CHRONICLE for one year on the above conditions?

Quick a row happened Sunday evening in the 1st ward of Bellair in which a man was badly beaten. His assailants were arrested Monday morning and explained to the tune of \$5 and cents.

PAUL HERRICK, a well known contractor and builder of Zanesville, attempted suicide on Tuesday evening by shooting himself. Financial embarrassment is assigned as the cause of the rash act.

The Cambridge News of the 7th says that the house of Joseph Head, of Lexington, where the family were all away, was entered a few days ago, and robbed of money and valuable trinkets.

A GREAT deal of truth is contained in the following bit of information: "The best cure for greediness is to be well informed. People who are fond of reading never talk so much of their neighbors as the ignorant and illiterate."

The terms of Common Pleas Court will be held in Belmont county during the year 1879, beginning as follows: Feb. 4th, May 15th, November 15th. The next term of the District Court will begin April 8th.

On Thursday night of last week a covered bridge on the B. O. road, near Gibson's Station, caught fire from the sparks of a passing train and was entirely destroyed. Although the bridge was 90 feet long, by early morning it was timbered so that trains passed over in safety.

LEMON. It is from the rind of the Messina lemon that Dr. Price prepared his special Flavoring Extract of Lemon. While other lemon extracts in a little while have the taste and odor of turpentine, Dr. Price's for any length of time retains its intense lemony taste.

It is understood that Mr. Israel Lewis, of this place, has been selected by Sheriff elect Hill, to act as Jailor and Janitor of the Public Buildings during his official term. The designation gives great satisfaction to numerous friends of Mr. Lewis. He will make a careful, polite and conscientious public servant.

The Wheeling Register, last week, had a new head on it, suggestive of the city and its industries as viewed from the river, and dressed like a stylish Fall suit. It looks fresh and bright and much improved in general appearance. In its new clothes it will win new friends and retain the good wishes of old patrons.

REWARDED. Steele & Price, the manufacturers of Dr. Price's Cream Baking Powder, are rewarded by the reputation of manufacturing good articles. It is a shameful confession to make that many people are willing to use adulterated articles because of a small reduction in price.

ED. HUNT and John Wheatley, who have been confined in jail at this place for some time, charged with robbing one Hance, of Columbus at the Burr's Mills Camp Meeting, last August, were released on Saturday. Hance having failed to appear against them during the recent sitting of the Grand Jury.

Tuxy had a little misunderstanding in one of our barber shops, last Saturday, in which all hands participated. A chair was broken and a few harsh words indulged in. In the meantime the proprietor was handled rather roughly. The difficulty grew out of the discharge of one of the "razor pushers." All quiet.

YANG-YANG. The Yang-Yang flower is produced by a large tree, and its odor scents the air for miles around. Dr. Price prepares his Yang-Yang Extract from the odor of these flowers, and it is a charming perfume, having a fragrance unlike any other huckleberry extract.

EX-SPEIKENTENDER QUINCY has succeeded in inducing several of the most valued officials of the Central to follow him to his new line, the Pittsburgh & Lake Erie. Now goes Robert Jones, formerly supervisor of trains at Newark and more recently a conductor, and becomes Master of Transportation on the P. & L. E. Jones is a faithful and conscientious official wherever he goes.

It is coming the time of year when lectures of a scientific and literary character are in order, and would it not be well for our local lecture committee to initiate measures to inaugurate a course in an early day. Last winter a very acceptable course of lectures was delivered, for the most part, by home talent. There are professional literary men in our midst fully competent to instruct and entertain the people with excellent lectures, and they should be urged to do so. To give variety the committee can secure occasionally a foreign lecturer. Let us hear from the lecture committee.
